

Community Impact Grants Summary

TOGETHER, WE DO MORE GOOD

2023

community foundation
for a greater Richmond

Building Community is a Collective Effort

Thanks to the generosity of donors past and present, the Community Foundation can better support nonprofits to address both the short- and longer-term needs of the Richmond region through its annual Community Impact Grants program. This year, we awarded $6 million to 150 nonprofit organizations. That's $1 million more than the previous year, which is helping to offset inflation costs and the rising demand for nonprofit services. While these grants cover a range of program areas, they are intentionally focused on bolstering organizations and initiatives that are helping to close racial opportunity gaps and advance economic prosperity for all. We are grateful for your ongoing partnership as we strive to bring real and lasting change to children and families, now and in the future.

Generosity Matters

Individual donors collaborate with the Community Foundation by contributing to the **Community Impact Fund** and a number of other issue-focused funds, which boost our collective impact. By working together, we can amplify efforts to tackle our region's greatest challenges and create favorable outcomes for residents. Dollars raised are used in the following year.

We invite you to join us in making a grant from your donor advised fund or giving a direct gift through our website at **cfrichmond.org/GivingTogether**

Donor Gifts to Community Impact Grantmaking

Annual Contributors

More than 100 donor-established endowments fuel the Community Foundation's annual Community Impact Grants program. In addition, we are grateful for the following individuals and families whose annual gifts to the Community Impact Fund and field of interest funds in 2021 and 2022 further enhanced our ability to address current and emerging needs.

Our Strategy

The Community Impact Grants program supports the region's current programmatic and systems improvement needs, which are determined through an application process and ongoing research conducted by our team of Impact Officers. We identify local nonprofits whose strategies and outcomes align with our goals in four focus areas:

- Community Vibrancy
- Economic Prosperity
- Educational Success
- Health & Wellness

In support of a collaborative regional effort to create a strategy of upward economic mobility for all, we are focused on critical programs and services for low-income residents and make our deepest investments in Early Childhood Development and Education, Workforce and Career Development, and Affordable Housing. Funding is also directed to other social supports like access to primary and mental health care, healthy food, visual and cultural arts and our local natural resources.

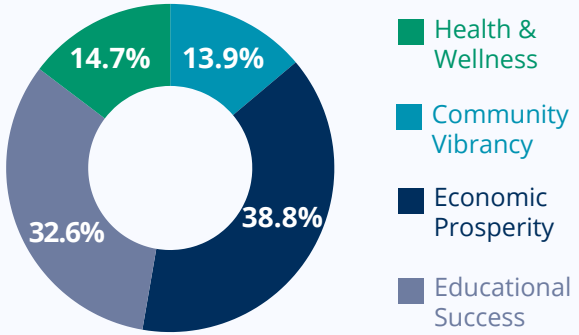

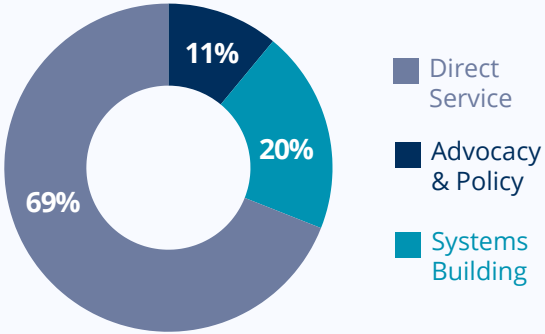

> The Community Foundation is focused on creating a region that is thriving and more dynamic for everyone, and our nonprofit partners are essential in reaching this goal. Shared success is built on strong relationships, a willingness to co-create solutions together, and a commitment to helping people overcome barriers and achieve their fullest potential."

Better Housing Coalition

Economic Prosperity

The Community Foundation backs evidence-based programs to boost regional economic prosperity, including housing, workforce development and financial literacy. We prioritize initiatives that empower individuals and families to secure stable housing, build skills and access resources for better health, education and economic opportunities.

Our Goals:

- Residents have opportunities to access and maintain safe and affordable housing in thriving, sustainable communities.
- Residents are able to build the knowledge, skills and resources they need to attain financial independence and pursue career opportunities.

Girls For a Change

Educational Success

Educational attainment is a key predictor for future success. We invest in strategies proven to have the most influence on students' long-term educational advancement and career preparation. This includes early childhood education and school readiness, supportive school environments and positive teacher interactions, and productive behavioral developments.

Our Goals:

- Children enter school ready to learn and receive effective academic and social support throughout their educational experience.
- Youth are nurtured to become skilled, self-sufficient and contributing members of the community.

FEATURED FOUNDATION

The **R.E.B. Foundation** grants annual awards to recognize outstanding public school teachers and principals, while also awarding grants to many educational enrichment programs in the region.

Oakwood Arts

Community Vibrancy

The Richmond region is widely known for its creative spirit. Through a rich tapestry of arts and cultural organizations, we can learn from the stories of our past and celebrate the diversity of cultures we enjoy today. A thriving arts district, robust community-based programming and abundant cultural experiences all create a significant educational and economic impact for our region.

Our Goals:

- Residents are enriched and educated through a diverse offering of arts and cultural activities in their communities and schools.
- The region's historic, cultural and natural assets are preserved to enrich current and future generations.
