Determining Financial Need

Students, before you begin this section, you must complete FAFSA1 **(FAFSA FORM)** so that you can list your Student Aid Index (SAI) amount. There are a number of community groups that can help you with the FAFSA such as **GRASP**.

What college/university are you planning to attend? If you have not yet made a selection, use the 1st choice school that you listed in your application.		
	What is this school's **C**ost **O**f **A**ttendance? *This can be found on the school's website. Cost of attendance includes tuition and fees, books and supplies, room and board, transportation, and personal expenses. Colleges adjust the COA yearly to reflect changes to these costs.*	$
A	What is the Student Aid Index (SAI) listed on your FASFA Submission Summary?	$
B	All Scholarships and Grants offered to date (this includes other scholarships provided by the college and Pell Grant, etc.). Do not include loans or those scholarships you have applied for but have not yet been awarded.	$
C	**Financial Need (Subtract line A and B from Cost of Attendance).**	$

Note: You will have an opportunity to provide additional information about financial considerations that may not be apparent from your FAFSA in the **Statement of Financial Need** section of your application.

[1] *US Citizens can all complete the FAFSA. Also, several categories of eligible non-citizens may also complete a FAFSA. For full details of which immigration statuses make you an eligible noncitizen navigate to: https://studentaid.gov/understandaid/eligibility/requirements/non-us-citizens. For those students who are not eligible to complete a FAFSA, on line A above, substitute the amount your family can contribute towards your education next year.*
